

# Group Star Hopping Activity:

Using the chart, plot how to get to the following deep-sky objects:

- |                        |           |
|------------------------|-----------|
| M27 – Dumbbell Nebula  | Vulpecula |
| M71 – Globular Cluster | Sagitta   |
| CR399 – Coathanger     | Vulpecula |
